MEXICAN REBELS NEARING CAPITAL

Obregon Leads His Army to Gates of Carrana's Capital

JUAREZ IS NEUTRAL

Two More Americans Reported Killed And More U. S. Warships Sent to East Coast.

Agua Prieta, Sonora, May 4.—Advance forces of Gen. Alvaro Obregon, revolutionary leader operating in Southern Mexico, have reached Texcoco, four miles from San Lazaro, the suburb of Mexico City, according to an anouncement made yesterday afternoon by Juan Rico, of the publicity staff of the revolutionary army of the Northwest, with headquarters here.

Revolutionary troops were being moved south and east yesterday. Those going south will join others in the mountains, dividing Chihuahua and Sonora to invade Chihuahua. The others will reinforce Gen. Angel Flores in his march on the port of Mazatlan, military headquarters announced.

Troops from Southern Sonora and Sinaloa, it was said, also would be sent eastward in a converging movement on the city of Torreon and the rich Laguna district of Coahuila. Troops that rebelled against Carranza in Chihuahua already are marching toward Torreon, it was anounced. According to military leaders here the plans of the revolutionists all center on a drive as juickly as possible on Mexico City.

El Paso, Texas, May 4.—Juarez has not joined the Sonora rebellion.

It has, however, severed relations with the Carranza Government.

This is the significance of yesterday's revolt.

Washington, May 4.—The murder of two more Americans in Mexico were reported yesterday to the State Department.

Children of all races of the ancient and modern world have used dolls as playthings.

THE JUNIOR COURSE AT A. H. S.

After the last morning bell has rung, and the opening prayer has been said, we are all ready and eager to pursue our day's work. We just have geometry, in which class are spent forty minutes of real thinking and application for the problems do not present themselves without hard and strenuous labor. The next period is spent in English, which is a most interesting study. Our work in this subject is divided into two classes, namely, rhetoric and literature, included in the first is argument, debating and exposition; the latter, English, literature, is simply a guide book to a long picture gallery of immortals. The works of the romantic poets, Wordsworth, Shelley, Keats, and Tennyson, inculcate lessons of sympathy, serenity, and faith in man and God.

Reluctantly, we leave this class to begin our next one, chemistry, which, however, proves equally enjoyable to students. In the laboratory, we perform quite astounding experiments, and are able to distinguish nearly all metals and to separate many solutions.

After a study period, the noon bell is joyfully greeted by all. This recess is spent in lunching, conversing, and dancing. At 12:30, too, is a most interesting subject, learning, as we do, the history of great nations and their countrymen at the present time, we are studying English history with an additional course in civics. The next forty minutes are spent in the study of French, which consists of a thorough course in grammar and the translation of French classics, such as "Poudre aux Yeux," and "Les Trois Mousquetaires."

After another brief study period, our programme for the day is complete.

This, excluding all details, is the daily routine of the Junior Class of A. H. S.

Miss I. M. Wolf.

FOR IRISH REPUBLIC

Young Ladies at Academy do Their Bit to Raise Funds

In order to raise funds for the Irish republic the girls of the third academic class of St. Mary"s Academy have devised a unique method of obtaining funds for the project. They have erected on the academy campus a stand for the sale of lunches and ice cream and cake during the recess period.

The stand was opened yesterday and extensively patronized and the young ladies expressed gratifications over the liberal patronage given. The project is being fostered by Miss Catherine Grace and Miss Christine Roberson.

OKLAHOMA STORM KILLS OVER 50

Village of 250 People Virtually Wiped Out—40 Bodies Found

3 HOUSES STANDING

One Hundred Persons Injured—Clothing Found Plastered On Trees Three Miles Away.

Muskogee, Okla., May 4.—More than 150 persons are known to have been killed and approximately 100 injured in a cyclone that virtually wiped out Peggs, a small village in the north west corner of Cherokee county, about 9 o'clock Sunday.

Forty-three bodies have been recovered by rescue workers from Muskogee, Tahlequah and Locust Grove. More are believed to be in the wreckage.

Only three buildings remained standing after the storm had passed. When the rescuers arrived in Peggs they found only a heap of twisted, mud-splattered debris. A heavy rain and hail accompanied the storm, and when the workers began collecting the bodies from the ruins many were so plastered with mud that they had to be washed off before they could be identified.

The dead were collected in shelters left by the tangled walls and roofs. Twenty were piled in one nook, while searching parties ranged the immediate vicinity.

One of the freaks of the storm was that a small frame shack, uninhabited was left standing in the heart of the town while brick buildings housing many persons around it were razed.

The Peggs schoolhouse, a concrete building, was crushed.

Clothing was found plastered on the trees several miles from the path of the storm by rescuers on the way to the village yesterday morning.

The storm covered an area three miles long and one mile wide, apparently dropping down just in time to hit the village and rising soon after leaving it.

Chelsea, Ok., May 4.—Four persons are dead and seven injured as a result of a tornado which swept across parts of Rogers and Craig counties Sunday evening.

STRIKE IN COTTON MILLS

All Firemen Ordered by Union to Quit Work in Support of Loom Fixers

New Bedford, Mass., May 4.—The strike of operatives in thirty-seven cotton mills in this city today was followed by the issuance of orders from union headquarters last night to all union firemen to quit work today. Union leaders said many of the firemen reported for work today through a misunderstanding.

The strike was called in support of the loom fixers who were already out, in an effort to compel the rescinding of orders that they should care for a larger number of looms than formerly. No question of wages is immediately involved.

REPORT ON ST. WORK

Urge All Citizens to Join Association —Meeting Next Monday Night in McBurney's Hall

The Alexandria Citizens' Association at a meeting held in McBurney's Hall last night declined to take over the Community Center in this city, the opinion prevailing that the association was not in a positon at this time to handle the proposition.

The committee on police and fire was instructed to take up with the police commissioners and ask that the motorcycle policeman be required to wear a policeman's uniform while on duty.

The manner in which the annexed territory is policed was discussed and the opinion of those present was that the motor policeman and at least one sergeant should be assigned to that section, arrangements being made whereby the Rosemont station could be a sub-police station.

Owing to the congestion on King street it was decided to recommended that when the fire department responds to fire alarms it should keep the apparatus off King street.

The committee on streets and alleys reported the removal of ashes is progressing satisfactorily and also reported that the dump at the head of King street is being leveled off and would be fenced in, only allowing the city the use of this as a dump provvided they keep it in a sanitary condition.

The members of the association were urged to invite the citizens in general to attend the next meeting next Monday night in McBurney's Hall at 8 o'clock. It is anounced that this association is neither political or religious but for the general upbuilding of Alexandria. Membership blanks can be obtained from members or from F. Clinton Knight, 625 King street.

JAMES B. SPICER EXPIRES AT MEETING

Was Attending Annual Gathering, Confederate Veterans

HEART ATTACK FATAL

Dies in Chair Without Warning After Just Addressing Veterans—Funeral at 3 p. m., Tomorrow.

Stricken with heart failure while attending the annual meeting of R. E. Lee Camp, Confederate Veterans, James B. Spicer, a member of that camp, expired in his chair in the meeting hall at 8.30 o'clock last night.

The deceased was seventy-six years old.

Mr. Spicer, according to members of the camp, had been discussing the ability of Culpeper to handle the delegates who will attend the annual state encampment. He had just spoken on this subject and took his seat when he grasped for breath. His comrades, many of who had served with him during the four years' conflict rushed to his assistance, the first two being Edgar Warfield and Booker C. Hall.

Dr. S. B. Moore, who lives directly across the street, was hastily summoned and he arrived a minute or so after the vital spark had fled.

The death of Mr. Spicer cast gloom among the veterans and they immediately adjourned, practically all of the business of the evening having been disposed of when he expired.

The deceased served in the Confederate army throughout the conflict being a member of Company G, 49th Virginia Infantry. He was a native of Woodville, Rappahannock county, Va. He is survived by two sons, Thomas B. Spicer, this city, and E. G. Spicer, Camden, N. J.

The body was taken to Wheatley's mortuary chapel from whence the funeral will take place at 3 o'clock tomorrow afternoon. Services will be conducted by Rev. Dr. E. B. Jackson, pastor of the First Baptist Church. Burial will be in Bethel cemetery. Members of R. E. Camp, Confederate Veterans, will attend.

UPRISING IN MOSCOW

Riots by Public and Soldiers Follow Polish Successes.

Warsaw, May 4.—Public riots and uprisings among the soldiers are reported to have occurred in Moscow upon receipt of news of the Polish successes.

The reports say there are increasing demands for a change of government.

Polish forces occupied Kiev Sunday according to extra editions of the newspaper here today. General Pilsudski, President of the Polish state, led the troops into the city, the newspapers say.

Kiev is not mentioned, however, in the latest official communication issued by the War Office today, but it announces the capture by the Poles of the railroad junction 60 kilometres southwest of Kiev.

The communication asserts that fierce fighting continues along the entire front from the Pripet to the Dniester river, and that 25,000 men have began, and that still further prisoners have been taken but have not been counted.

It is added that 120 cannon, 500 machine-guns and three complete radio stations have been captured by the Poles.

Oppeln, Silesia, May 4.—Armed with knives, revolvers, clubs and stones, German men and boys attacked Poles who were holding a Sunday demonstration on the occasion of the Polish national festival and, in the pitched battle that followed, two persons were killed and a score wounded, including a Polish priest.

The Polish demonstrators had gathered from all parts of the surrounding country, after a German labor parade Saturday, and were forming a procession in the outskirts of the city when a large crowd of the Germans attacked them. The German security police, upon which the Interallied Commission depended to maintain order, engaged the combatants and Colonel Percival, scene. Plunging into the melee, he helped separate the fighters.

Throughout the city Germans singled out Poles, assaulted them and chased them through the streets. Some were attacked after they had sought the protection of the security police. A number of the Poles took refuge at the commission's headquarters. At least a score of Poles suffered broken heads.

It was said the trouble probably would stimulate the Polish demad that the commission dismiss the German security police and recruit a police force composed equally of Poles and Germans.

NEXT SUNDAY'S PARADE

The final arrangements for the parade next Sunday of the Holy Name Society are being perfected, and should the weather prove auspicious, an impressive scene will be presented in Alexandria.

The principles of this society appeal to sincere members of all ecclestical bodies. Its main object is to honor the name of the triune God, so often, thoughtlessly, however, in most cases, blasphemed. It may not have occurred to the great majority that hardly a day passes upon which the best of us are not guilty of blasphemy. This may be regarded as a sweeping assertion, but, to use a word from Gypsy Smith, Listen The expressions "My Goodness!" Gracious Goodness!" "Lord"!" are unconscious references to the attributes of Him who has forbidden us to take His name in vain—unnecessarily.

The pious Jew since the Decalogue was proclaimed upon Mount Sinai never utters the name Jehovah, but in reading the Pentatuech he substitutes the name Adonai (Lord.) Hence today on man living can say with certainty how the name of the Creator was originally pronounced. No vowel points were used in the Hebrew language until the beginning of the Christian era, the reader in the synagogues being supposed to pronounce them when proper. After the return of Israelites from the captivity in Babylon Hebrew became an unspoken language, and in order to preserve it vowel points came into use.

The above reference is made to show with what sanctity the people of old regarded the name of Deity.

The Holy Name Society was organized to fight this growing disrespect for the Trinity, its members obligating themselves to abstain from everything savoring of blasphemy and to teach others to do like wise.

GAMBLING ON THE ENVIRONS

The authorities of this city have been notified that gambling is participated in each Sunday in Fairfax county, near "Janney's Lane," greatly to the annoyance of residents of that vicinity. This lawlessness is carried on publicly, and often the language used by the groups gathered here and there is unfit for ears polite, especially females who may be out walking. The players are mostly Negroes, who shoot crap and pitch cents.

A representative of the authorities of Fairfax county was in the city today making preliminary steps toward having the nuisance abated. It was determined that should the practice be continued the offenders will be arrested ,even should a posse comitatus be needed, and the participants in the games as well as the bystanders conducted to this city and arraigned before the Police Court, which has jurisdiction one mile west of Janney's Lane.

In this connection it may be stated that no little gambling, in the way of shooting crap or tossing cents or nickles, is carried on in out of the way places within the corporate limits of Alexandria on Sundays. In some neighborhoods the public streets are used.

Occasionally raids are made by the police and the offenders arrested and fined in the Police Court.

OLD FABLE IN EVIDENCE

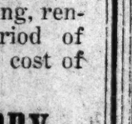

From Chicago comes the announcement that while May Day brought an increase of two dollars a day to the mechanics of that city, building operations have been reduced fifty per cent. There have been wage increases in some twenty crafts, and if all that we hear is to be believed the men may obtain still another increase whenever they feel disposed to demand it. It may continue indefinitely, but it is reasonable to suppose that with each increase in wages there will be a decrease in production. Eventually, of course, there will be no production—and then will come the deluge.

The Philadelphia Inquirer in commenting on present conditions says, "this suggestion is based upon the supposition that there is to be no end to increased prices, but no one expects or wants conditions to go on to that conclusion. But is it not pertinent to call the attention of those who are directly interested to the old fable of the goose that lays the golden eggs? If we kill that goose there will be no more eggs, golden or otherwise. The laborer is worthy of his hire. Fair minded persons do not want to curtail the earnings of the man who works with his hands—that is, they do not want to curtail them unjustly, But there is a growing conviction in the minds of consumers that existing conditions really furnisha premium on idleness. An instance of this comes from the far West. We are told that shipyard workers who received $24 a day during the war prefer to loaf rather than work now for $10 a day. J. H. Carlyle, of Everett, Washington, who is credited with this statement, says we are facing a pine lumber famine not only because of the shortage of material but because men will not work.

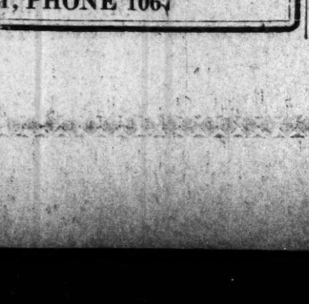

"The one great remedy of the hour is work. Every day's idleness adds to the high cost of living, and in the end the worst sufferers are those who insist upon exorbitant wages and shortened production."

Your Credit---How About It?

There Are Three Ways In Which Credit May Be Secured--- By the Deposit of Collateral, by Notes Endorsed by People of Means and on the Honor of the Person Who Desires Credit

Credit is one of the biggest factors in promoting success in the commercial and manufacturing world as well as in private life. To the merchant—or manufacturer—who wishes to expand, credit is of far more importance than capital. They realize its worth and are extremely careful in seeing that nothing should impair same. In the case of individuals, credit is of equal importance to them tho it may not be used as often or to the extent that it is used by those who are in business. A man, or woman, who will permit outstanding accounts to accumulate and go for an indefinite period without paying same, is on the rapid road to bankruptcy. Perhaps not in the same way that a business man would be who did not pay his obligations, but the withdrawal of credit is bound to follow and means the same to an individual who does not pay his bills as bankruptcy does to the business man.

CREDIT---When You Desire Same, How Do You Secure It? Is Your Word Good, Must You Give Security or Have Some One Vouch For You Before This Desired Accommodation May Be Secured?

It is our purpose only to deal with that class of credit that is extended by man to man simply upon honor and because of the faith of one in the other. Where credit is obtained, by reason of security of some description being given, the obligation is usually met and if it is not, the one who extends the credit does not lose by reason of the security given for the purpose of obtaining the accommodation.

A debt of honor should never be allowed to bring dishonor. In the days of old, men were willing to lay down their lives if need be, rather than permit dishonor to come by reason of their failure to make good debts of this character.

When a merchant extends credit to an individual upon solely the agreement to pay, he should take no more chance than when he is dealing with the person of resources and who is thus "good" as the saying is. He should be as fully protected by the honor of his debtor as he is by the means of the other. The persons who recognize the importance of meeting their obligations and who do not let them go unpaid, have a reputation for honesty and the payment of bills that is an asset of great worth. The promptness with which they meet their obligations becomes a matter of record which grows stronger and stronger day by day.

Those who willfully resist the efforts which their creditors make to collect their accounts also gain a reputation that grows as rapidly, if not more so, than does that of those who are prompt payers.

In this city, as in the majority of all other progressive cities, there is a credit association and whch is made up of the business men of the city. This organization is not a menace to any person who is honest. Its influence is directed against those who would go from store to store, obtaining all the goods which they can secure upon their word to pay and with no intentions of paying for same.

In the office of the association, it might be said is an honor roll and a dishonor roll. On the honor roll will be found the names of those who ask for credit and incidentally secure same by reason of their record for honesty. On the roll of dishonor, will be found the names of those who do not meet their obligations. Great care is used in investigating carefully before names are entered upon this roll. It must be proven conclusively that they persist in refusing to pay for their purchases before they are classed among those who are not worthy of credit.

A debt of honor, whether it is for a pound of beef steak, a suit of clothes, a furniture purchase, or for articles, or services, of any description should not be treated lightly. It should be recognized as a just claim and worthy of prompt attention in every case if one's credit is to be maintained.

It Is Your Duty to

Pay Your Bills

Make it a point to pay promptly at the agreed time. You and your creditor will both be pleased and will prosper financially.

Credit Is Not a Difficult Thing to Secure---It Can Also Be Easily Lost. Give Heed to the Manner In Which You Use It and You'll Continue to Enjoy Its Benefits.

GRAND THEATRE

The ethical relations between a railroad engine driver, familiarly known as engineer, and the fireman who stokes the engine, are interestingly, portrayed in Vitagraph's new picture, "The Wreck." This picture will be shown at the Grand Theatre on Wednesday.

It is revealed that the engineman is master of his locomotive, and that his word is absolute law—until he shows signs of drunkenness. When the fireman notices this, it is his duty to overpower the engineman and take charge of the steel steed.

MURDER FEARED BY MOTHER

Anonymous Letter

New York, May 4.—Convinced that their 14 year old missing daughter, Henrietta Bulte, has been murdered, after the manner Alfred Cocchi murdered Ruth Cruger three years ago, yet hoping their conviction may after all prove wrong, Mr. and Mrs. Herman Bulte said last night, they will pay whatever ransom is demanded for her safe return, if they can raise the money. Both the girl's parents were on the verge of collapse when seen at their home.

"My little girl has been killed," wailed Mrs. Bulte. "We do not make wild guesses or seek notoriety, but we know of Ruth Cruger and how she was killed by a fiend, and we know the quality of girl little Henrietta was. She would fight; they couldn't hold her a captive. They have killed her.

And yet the father intends, he declared, answering by an advertisement as directed, the writer of an anonymous letter, which said the child was "well and safe but held for ransom."

Henrietta, an unusually attractive girl, vanished without leaving a trace three weeks ago, while on her way to deposit $265 in a savings bank.

FOR HALL OF FAME

New York, N. Y., May 4.—Nomination by the Hall of Fame committee of the names of Jefferson Davis and General J. E. B. Stuart, Joel Chandler Harris, of "Uncle Remus," fame, William Sidney Porter, William epperrell and 220 others for places among America's greatest, is announced.

Of the 225 nominations but twenty are to be elected when the 102 electors of the Hall of Fame meet next fall to vote on the matter.

Matthew Fontaine Maury is also among the nominees and members of the Matthew Montaine Maury Association here are canvassing the electors, some of whom have pledged their support to the name of Commodore Maury. Among Commodore Maury's supporters are Edwin A. Alderman, president of the University of Virginia; Walter Clark, member of the Supreme Court of North Carolina; Charles William Dabney, president of the University of Cincinnati, and R. H. Dabney, of the University of Virginia.

Frederick Douglass, the first negro to be proposed, was nominated with out a dissenting vote, although several electors expressed the belief that Booker T. Washington would be more representative of the colored race.

ANOTHER NAME

Paris, May 4.—On the occasion of Nicolai Lenine's 50 birthday, the Central Soviet of Petrograd decided to rename the city "Leningrad" Echo de Paris learns from Stockholm

The former Russian capital, originally named Petersburg after Czar Peter the Great, and popularly called St. Petersburg, was re-named "Petrograd" early in the war, to eliminate the German "burg."

DODSON SOUNDS CALOMEL' DOOM

The 'Liver Tone' Man Warns Folks Against the Sickening, Salivating Drug

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonght and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not saivate or make you sick.

MURDERER EXECUTED

Paris, May 4.—The man who confessed to having murdered Czar Nicholas, Bosrednitszky by name, was executed at Varsovie yesterday.

Before being led to the scaffold he begged that his last request in life be granted; that he be allowed to wear the silk shirt which Nicholas wore when he riddled im with bullets, It was granted.

Those who have spoken at length, with the murderer believe he slew the Czar mainly because he wanted the shirt.

GAME ENDS IN RIOT

Rome, May 4.—A football match between teams representing the cities of Lucca and Viareggro, played at Viareggro yesterday, degenerated in to a fight and then into a riot. A former army captain, who acted as umpire, tried to intervene to settle the difference when it first arose, but failed.

Carabineers then made efforts to reestablish order. The crowd attacked and disarmed them and they were obliged to flee to their barracks. The mob looted a gunsmith shop, occupied the railway station and barricaded the roads leading into the city to prevent the arrival of reinforcements.

Soldiers, however, succeeded in occupying the city and order was finally restored.

TELLS OF NEW CRIME

"Bluebeard" Pushed Woman Out of Boat, Then Held Her Under Water

Los Angeles, May 4.—"Bluebeard" Charles N. Harvey's principal desire yesterday appeared to be to convince officials that his murder confessions were the truth.

Harvey, who had already confessed to the murder of four of his many wives, told District Attorney Woolwine yesterday that he remembered having killed another woman he married in Tacoma, Wash., last spring. He says he has forgotten her name, and does not even know the name he used when the marriage license was issued.

"We were together in a boat on Lake Washington," Harvey declared "I do not remember the date. I shoved her and she fell overboard. Then I held her under the water with a pole until she drowned."

After the interview Woolwine declared the confessed murderer was anxious to go to Berego Valley to help find the body of Nina Lee Deloney, the "wife" whose body he said he buried in the desert after beating hr to death with a hammer.

"He is apparently anxious to convince me that he has told the truth about that killing and to aid us in every way to establish the crime to escape being returned to Washington to face trial there," Woolwine said.

UPHOLDS RELIGIOUS LAW

Tangier Sentiment Favors Constable Who Shot Roland Parks

Tangier, Va., May 4.—The pillory, as a means of punishment for the sinful, has passed out of existence, and the stern views of the pilgrim fathers have been supplanted with liberalism in the greater part of America.

But the fishermen of Tangier Island have retained some of the qualities of America's colonists. They are upholding Charles Connorton, town constable, who shot and wounded Roland Parks when the youth refused to go to church and who stood in front of his home during services, in violation of the town's peculiar laws.

Connorton was released last Saturday under bond of $2,500 in connection with the shooting. When his case comes to court many stern sanctified citizens will eye the jury critically, for they want Connorton freed of all blame. In the views of these people, the officer was doing his duty to the church.

Blouses

Are exceptionally fine in quality of material, and the acme of daintiness in workmanship.

They are in hand-drawn effects, the drawn work being in parallel lines, ornamenting the front, many of the more elaborate models have the little blocks of double material between the lines of drawn-work, and others are trimmed with real filet lace and filet insertion. These, of course, are the more expensive styles. They are priced at $5.75, $6.95, $7.95, $8.95, $10.95 and $12.95.

Everybody's Happy!

THERE are more people riding bicycles today than ever before. At Palm Beach they were the craze. At Winter and Summer resorts—in town and country—people are realizing that their old childhood pal—bicycle—means even more to them as grown-ups.

For no other mode of transportation is more healthful—more convenient—more fun—more economical. To the weak it brings strength. To the tired it brings recreation. To the laborer it brings economy and independence. And to all it brings clean, invigorating exercise and a bigger love of the zest of life! Come in and let us show you our latest models.
